The Town shall take reasonable precautions to protect the owners of the lots within the cemetery from loss or damage but it distinctly disclaims all responsibility for loss or damage caused by elements, an act of God, thieves, vandals, malicious mischief makers, unavoidable accidents, and order of any military or civil authority, whether the damage be direct or collateral, other than as herein provided.

10. When instructions regarding the location of an interment space in a lot cannot be obtained or are indefinite or when for any reason the interment space cannot be opened where specified, the trustees may in their discretion open it in such a location in the lot as they deem best and proper so as not to delay the funeral; and they and the town shall not be liable in damages for any error so made.

The town shall be under no duty to recognize any protests of interment unless they are in writing and filed with the Trustees.

13. Neither the town nor the Cemetery Trustees shall be responsible for errors in location of graves on lots arising from improper instructions from persons making arrangements. In all cases orders for grave opening shall be communicated to the Cemetery Trustees in writing. Orders from funeral directors shall be construed as orders from owners.

The town reserves and shall have the right to correct any errors that may be made by it either making interments, disinterment or removals, or in the description, transfer or conveyance and substituting other interment property of equal value and similar location as far as possible or as may be selected by the town, or in the sole discretion of the town by refunding the amount of money paid on account of such purchase. In the event such error shall involve the interment of the remains of any person in such property, the town reserves, and shall have, the right to remove or transfer such remains to inter to such other property of equal value and similar location as may be conveyed in lieu thereof.

15. A body or cremated remains may be removed from its original lot to a larger or better lot in the cemetery where there has been an exchange or purchase for that purpose.

16. The utmost care will be exercised in making the removal, but the town shall assume no liability for damages to any casket, burial case, urn or memorial incurred in making the removal.
