

Recreation Committee Meeting Minutes
January 14, 2018

In attendance: Justin Cassarino, Evelyn Beliveau, Stacie Gay, Kerry Pickering and Andy Buswell

Group discussed a rebound backboard for the tennis courts down at the rec area. There is a group that is hoping this committee would purchase one that would attach to the fence. This will enable tennis players to go down by themselves and be able to hit the ball and get some practice in. The money from this comes from the revolving fund. Nobody from the group requesting this item was present at the meeting. Justin read an email from Val Vincent Horton with the request. The committee tabled the request until they get further information and it will be discussed at our next meeting.
