Removal of Restriction on R. Hubbard Fund. Kate moved, Gail seconded, all approved (9-0) to close out the Hubbard Fund of \$19,000 for Technology and move the money -- for the Library's General Purposes. Peg advised Kate to notify the Trustees of the Trust Fund re, saying they should know the purpose of the move.

- For keeping easier tracking of monies, Kate moved, Gail seconded, all approved (9-0) moving the Friends' Saving Account of \$5,000 to \$6,000 into the Library's General Savings Account.

Further Thank You Notes. Gail said she heard from David McCullough. Amy said she sent him pictures of the renovations.

- Fred read off a list of donors that should be sent "Thank You" notes, saying he would obtain a list of major donors the following day that he would write to individually.

- Jeanne said that Fred also would give Rich Anderson a Library tour.

Preparation for Trustee Changes: Trustee terms are up for Kate, Bert and Shirley. Bert declared she is not running again. Both Kate and Shirley will. Tim Lester, Susan Johnson and Kevin Switzer are also expected to run. The time frame to register is from January 22 to January 31.

Discussion of Off-Site Strategy Meeting: Both Bert and Pat proposed having the meeting for later on when all operations are settled from renovations. Suggested was a half-day meeting off-site, or a morning meeting in the Library.

Operations: Walpole Library. All agreed policies and liability issues have to be worked out for the Community Room. Justine will write a draft policy re for the Board to review at the next Board meeting in February.

- Justine said all is going well and that she is excited to see what 2020 will bring. She distributed her 2019 statistics mentioning that they were down, logically because of the renovations' upheavals.

- Because of its success, having a Tea event again to raise money was discussed, and that the Tea should be done by the Friends because of the work it entails. Fred commented that more things should be considered to raise funds. Re raising money, Peg wisely recommended that monies should be put into the State's Public Deposit Program that earns much more interest, rather than a C.D. that does not.

- Justine is to produce a new budget for the year, and Kate will present it, and talk with the Town Commissioners re.

Branch: Rose distributed the Branch's Annual Report for 2019, saying that her patron list is higher this year and that some patrons are in Florida now. She will give Justine figures for the Town Report.

Technology: Justine said she is working on money quotes for new computers needed and will have info re at the next Board meeting.

With no further business, Gail moved, all approved (9-0) to adjourn at 6:00 p.m.
