

Walpole Cemetery Trustees Meeting, September 16, 2020

Present: Dale Woodward, Chair, Linda Edkins, John Sheldon

All members were present for cemetery meeting

Dale, Linda and John met with Jason from Keene Monument in the Village Cemetery. We walked the Village and Old Cemetery verifying which stone need to be reset. After taking note of down stones, we reviewed with Jason resetting leaning head stone in the Old Cemetery. A plan was made to start near the road and work back. Jason will get us an estimate.

Dale, Linda and John then reviewed the budget for 2021. With the only increase coming from the lawn care service, the budget was agreed to and Dale will submit it to the Selectboard for consideration.

The trustees then discussed future improvements to consider. Linda suggested signage for the roads that go through the Village Cemetery as they are used for reference of plot location. Dale suggested adding section signage to each of the cemetery sections. Both suggestions will be investigated further. John suggested having the fence repaired in the southeast corner of the Drewsville Cemetery. We will look for a couple of granite posts that will blend in with the existing posts. A date for the next meeting has not been made at this time.

Respectfully Submitted,

John Sheldon, Clerk
