Com. Kiniry noted that an estimate for installing four additional receptacles on two existing receptacle outlets for \$650. He questioned if this was what the Village was expected to pay or if it was to be split in half? He also would like to have a discussion as to exactly what the Library would like to do for additional renovations. Chief advised that the Fire Department Association had purchased a utility trailer to be used for transporting the ORV if needed outside the Village area. Com Kiniry asked who was paying for the registration and insurance. Chief noted that the Association would pay for the registration but was donating the trailer to the Village, so it would be insured under the Village policy.

Chief noted that the Association would like to build a trash bin to put rubbish in for pick up by DeCamp to prevent bags from being scattered around the area. Com Kiniry suggested that he contact Patricia Whitcomb about getting some recycle bins like the Police department is using for recycling materials. The Town would pick up the recycling items.
